

••• **NEW PROFILE** •••

EXTREME BLADE FOR EXTREME SAWING

The **NEW 7 DEGREE** Wood-Mizer Blade sinks its teeth into:

- Exotic woods from tropical regions
- Extreme hardwoods
- Seasoned or recycled beams

Meets your sawing demands:

- Push your feed rate without sacrificing quality
- Hooks into the wood with precision and power
- Removes sawdust from cut with increased gullet capacity and cleaning mechanism

PROFILES	STEEL	PART NUMBER LT15-LT50	PART NUMBER LT70/LT300
